| Finishes | all natural wood veneers Cherry, Walnut, Rosewood. Special Editions |
| Dimensions | Height - 305mm (11.96") Width 190mm (7.48") Depth 165mm (6.6") |

"I've used and enjoyed many different variations of the LS3/5a, and can say, with relative Herbcertainty, that the Falcon Acoustics might just be the best production LS3/5a ever made."

Stereophile August 2015 Herb Reicher

"I am completely convinced that Jones and Bloomfield have done everything humanly and technologically possible to make theirs a one-hundred-percent, dyed-in-the-wool, pure-quill original LS3/5a."

The Absolute Sound, May/June 2016 - Paul Seydor
