T/A EUROPEAN IMAGING AND SOUND ASSOCIATION**

**CONFIDENTIAL/EMBARGOED UNTIL AUGUST 15<sup>TH</sup>, 2024**

OFFICIAL EISA AWARD CITATION FOR:

**EISA HOME THEATRE PROCESSOR 2024-2025  
Primare SP25 Prisma**

---

An ideal partner for Primare's EISA Award-winning A35.8 multichannel power amplifier, the SP25 Prisma processor caters to immersive audio systems up to 11.2 channels. Aided by Dirac Live room correction below 500Hz (upgradeable to full-bandwidth if desired), it creates convincing Dolby Atmos and DTS:X soundscapes with smooth highs, effortless dialogue reproduction, precise effects placement and deep, impactful bass. Music-friendly features include Primare's Prisma streaming/radio platform and a USB DAC input, giving this neatly styled unit 'all-rounder' status. App control, extensive speaker/input preset configuration and the SP25 Prisma's luxurious styling complete a great addition to Primare's home theatre stable.
