

## PB-2000

PB-2000 – From heroic slam to symphonic subtlety — SVS's newest pumps out astounding precision, performance and value.

Meet the latest addition to the SVS arsenal. The 2000 Series is the result of obsessive demands and exhaustive testing. Inspired by the Ultra Series, the PB-2000 was brought to life under the same design philosophy as its renowned Ultra siblings. The challenge: to deliver unprecedented levels of real-world output and sonic precision for the price. It does just that—and more. A slam-and-impact super-hero, the PB-2000 shows up in full force when the movie script demands. Optimized driver and 1100 watts of effortless peak power amp come to the rescue. Explosions shake the couch and thump you in the chest. Then turn on your favorite music and the PB-2000 continues to delight. It fills in the low end with nuance and balance; bringing the sound stage drama and depth. Tubas, cellos and timpani are dynamic and detailed. Electric bass guitar, tom-toms and kick drums bring the concert off the DVD and into the room. Take your listening experience to the next level with the latest product of SVS passion, the PB-2000.

### Specifications:

- New SVS 12" 2000-series driver
- New Sledge STA-500D DSP amplifier, 500 watts RMS (1100 watts peak dynamic)
- Premium black ash finish
- Front-firing 4" high-flow port with large radius inner and outer flanges
- Protective non-resonant steel mesh grille
- Rigid and braced MDF cabinet
- 17-270 Hz  $\pm$  3 dB
- Dims: 20.5" (H) x 17.3" (W) x 22"(D)
- Weight: 66 pounds

# PB-2000

## Premium Finish, Modern Styling, Versatile Placement Options, Easy Room Integration

Taking design cues from its popular Ultra siblings, the PB-2000 has a clean, modern look. Its handsome radius corners, premium black grain finish and metal grille are elegant touches that go with any décor. With modest dimensions, and weight of 66 pounds, it is a manageable size to integrate into any room.

## SVS 12" High Output Driver

Designed from scratch—and optimized to through exhaustive testing until it delivered unprecedented performance we were after—the all new 2000-series driver does us proud.

- FEA-optimized motor technology for low distortion.
- Heavy-duty 2" voice coil for extreme power handling.
- Upgraded Nomex spider for improved linearity and driver control at extreme drive levels.

## New Sledge Amplifier STA-500D: Precise, Flexible, Powerful

- 500 watts RMS continuous (1100 watts peak dynamic), Class D power with 'green' (<0.5 watts consumption) standby mode.
- DSP control for accurate response and refined behavior under all operating conditions.
- Stereo line-level RCA Input & 80Hz High Pass Filtered Output connections.
- 3-12V trigger with 1/8" (3.5 mm) TRS mini-jack input.
- Continuously variable low pass filter frequency with disable/LFE setting.
- Continuously variable volume and phase controls.
