T/A EUROPEAN IMAGING AND SOUND ASSOCIATION**

**CONFIDENTIAL/EMBARGOED UNTIL AUGUST 15<sup>TH</sup>, 2022**

OFFICIAL EISA AWARD CITATION FOR:

**EISA BEST VALUE WIRELESS LOUDSPEAKERS 2022-2023  
SVS Prime Wireless Pro Powered Speakers**

---

Blending the advantages of active loudspeaker design with multiple streaming options at an affordable price point, SVS's Prime Wireless Pro Powered Speakers are a brilliant addition to the American marque's catalogue – and your listening room. The two-way enclosures, driven by built-in 2x100W amplification, are bookshelf-sized but produce a large, powerful, room-filling sound. A subwoofer output allows for optional upgrading; the EISA Award-winning SVS 3000 Micro being a logical option. Integration with the hi-res-capable DTS Play-Fi platform opens up a world of sources, and SVS hasn't economised on physical inputs either, including digital optical, analogue line-level, and HDMI ARC. This is an all-round package that will delight music lovers.
