## SVS SB-4000

THE SB-4000 TAKES style cues and control advancements – including Bluetooth app integration and customisable parametric EQ – from SVS's award-winning SB16-Ultra subwoofer, and implements them in a more affordable, more easy-to-accommodate design. That said, the front-firing 13.5in driver means this isn't a smallscale sub, and there's nothing smallscale about its performance. It drops imperiously deep, delivering LFE lows with tangible weight, and fills a room with ease. Vitally, however, the SB-4000's Analog Devices DSP engine keeps its output beautifully balanced, ensuring this is a subwoofer that can do subtle as well as slam...

### PRODUCT DETAILS

**PRICE** £1,750

**TYPE** 13.5in active subwoofer

**WEIGHT** 46.4kg

**DIMENSIONS** (WxHxD)  
453 x 465 x 471mm
