

Confidential Retail Price List - Valid From September 2022

Toroidal isolation power conditioners by Torus Power are the world's finest clean power source for audio, video, automation and control systems. Dramatically increasing performance levels of connected AV components from video displays to speakers, Torus Power Isolation Transformers utilise Plitron Manufacturing's patented NBT technologies and medical-grade toroidal isolation transformers to eliminate virtually all power-line noise artifacts and protect equipment from damaging AC power line events, while increasing system reliability and extending product life.

TOT Series

The TOT MINI and TOT MAX are ultra-compact Toroidal Isolation power transformers, and the most affordable products in the Torus line-up. The compact footprint and sloped face of TOT models make them convenient for use in almost any situation. They look sharp on a component shelf or can be located elsewhere when space is at a premium.

- Toroidal Isolation
- Noise Filtering
- High Instantaneous Current Capability

TOT MINI

Rated at 3 amps, the TOT MINI is ideal to provide clean power to Audio/Video systems, projectors, flat panels, powered speakers, media/ source players, processors, or network devices.

TOT MAX

Rated at 8 Amps, the TOT MAX can provide current to demanding power hungry systems including substantial power amplifiers.

RM Series	Retail ex VAT	Retail inc VAT
<p>The original Torus Power models in the RM series remain unparalleled for performance, protection, and value. A popular model in the RM series is the RM 16 UK. A smaller model RM 8 UK is ideal for mid-size systems, while the larger custom installation model, rated 30 Amp, provides clean, protected power for the largest custom installed systems.</p> <p>Toroidal Isolation Noise Filtering High Instantaneous Current Capability Lightning and Surge Protection</p>		
RM8 3U; 8A; outlets 5	£4,941.67	£5,930.00
RM16 4U, 16A, outlets 6	£6,250.00	£7,500.00
RM30 4U, 30A, outlets 6	£11,000.00	£13,200.00

TOT AVR	Retail ex VAT	Retail inc VAT
<p>The TOT AVR, rated at 10 amps, provides automatic voltage regulation, thereby enhancing protection against voltage sags, brownouts and surges; plus Smart Ethernet connectivity and RS232 interface. Ideal for home theatre receivers and 2-channel audio systems.</p>		
TOT AVR	£6,166.67	£7,400.00
TOT AVR with Series Mode Surge Suppression included	£6,583.33	£7,900.00
