

Retail Price List - Valid From May 2023

For thirty years, Primare, based in southern Sweden, has been designing and producing award-winning hi-fi components that bring the Scandinavian attributes of honest integrity and timeless design to a global audience. Every Primare product reflects a commitment to Scandinavian ideals such as lagom – the sense of true satisfaction that comes from balance and harmony. Not too much. Not too little. Just right.

PRE35 Prisma – modular preamplifier and network player

Combines the DM36 digital to analogue conversion and SM35 Prisma network player modules within the PRE35 fully balanced preamplifier platform, to create an extraordinarily versatile system control centre.

PRE35 Prisma – modular preamplifier and network player

£3,333.33

£4,000.00

PRE35 DAC – modular preamplifier and DAC

Combines the DM36 DAC module with the PRE35 balanced stereo preamplifier. Modular construction allows for installation of the SM35 Prisma network player module at any time.

PRE35 DAC – modular preamplifier and DAC

£3,041.67

£3,650.00

PRE35 – modular preamplifier

Fully balanced all-analogue preamplifier platform. Modular construction allows for DAC and Prisma network modules to be added at any time.

PRE35 – modular preamplifier

£2,416.67

£2,900.00

SC15 Prisma – preamplifier and network player

Full-featured preamplifier and network player incorporating WISA high resolution wireless speaker connection technology.

SC15 Prisma – preamplifier and network player

£1,208.33

£1,450.00

**A35.8 – fully bridgeable, multichannel amplifier,
8 x 150W, 4 x 375W, 2 x 750W**

Primare's most powerful and flexible multi-channel amplifier, designed to serve the needs of virtually any high-performance multi-channel system through its ability for each pair of channels to be bridged to mono for an incredible level of power delivery and system building options, including 1500W of total output in a fully bridged bi-amped stereo configuration.

A35.8 – eight channel, fully bridgeable, balanced input amplifier

£3,750.00

£4,500.00

A35.2 – bridgeable stereo power amplifier

Powerful balanced input stereo amplifier, utilising Primare's UFPD 2 amplification technology to deliver 200W of power per channel in stereo and 800W of power in bridged mono mode.

A35.2 – power amplifier

£2,416.67

£2,900.00
