

**EXPERT IMAGING AND SOUND ASSOCIATION
T/A EUROPEAN IMAGING AND SOUND ASSOCIATION**

CONFIDENTIAL/EMBARGOED UNTIL AUGUST 15TH, 2024

OFFICIAL EISA AWARD CITATION FOR:

**EISA HOME THEATRE SUBWOOFER 2024-2025
Perlisten R18s**

Crowning Perlisten's R series of subwoofers, the R18s employs the advanced digital processing platform and app-based control of the manufacturer's flagship D series, and combines them with a monster 18in/460mm glass-fibre driver designed from the ground up specifically for this model. Powered by its built-in 1kW amp, the R18s performs much how it looks – brilliantly large in scale and output, plus able to dispense deep bass hits with authentic levels of slam – but there's high-end refinement here too. And with adjustments including 10-band parametric EQ, delay and variable phase, cinephiles can tune performance to suit their room and taste. Looking to upgrade your cinema sound? [Look here.](#)
